condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel duil and heavy when they arise, splitting headache, stuffy from a cold. foul tongue, nasty breath, acid stomach, can instead, feel as fresh as a daisy by opening the subject of the system of the second stomach. opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagmant matter.

Everyone, whether alling, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoorful of limestone phosphate in it to wash from the stomach licer is it. it to wash from the stomach, liver, kiddigestible waste, sour bile and poisons ous toxins. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the nour fermentations,

gases, waste and acidity and gives one a splendid appetite for breakfast.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and skely completions are underlying the stomach trouble. and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost very little, but is sufficient to make myone a pronounced crank on the sub

Details of New Telephone Long Distance Rates

The new schedule of toll rates promulgated by the Postmaster-General to become effective January 21st, 1919, over the entire United States contains many more classes of service than the one it supersedes, and in order that toll line ifsers should not incur nonproductive expense, and that they may take full advantage of the greater flexibility of the service, it'is necessary that they should thoroughly familiarize themselves with the classes of service to be offered, which were described in the folder sent to subscribers this month and which are as follows:

"Station to Station" Rate

When a person makes a toll call without specifying that conversation is desired with a particular person. and the connection is established and conversation held, the "station to station"_rate applies.

This rate is determined by the air line distance between toll points and is computed on the basis of 5c for each 6 miles up to 24 miles and 5c for each 8 miles beyond that dis-

Standard Toll Night Rates

The following reduced rates for night service on a "station to station" basis only are effective 12:01 a.m., Jan. 21, 1919; 8:30 p.m. to 12 midnightabout one-half of the "sta-

tion to station" day rate. 12:00 midnight to 4:30 a.m .about one-quarter of the "station to station" day rate. For the purpose of applying night rates, the time of day at the point at which a "station to station" mes-sage originates is used.

The minimum night rate is 25c. Day rates apply on calls made at night when the "station to station" charge is less than the minimum night rate.

"Collect Calls"

"Collect calls" are calls for which the charges are reversed; that is, are to be collected from the subscriber at the distant station at which the
